Canvas

DETAILS

Our lustre canvas prints are 1.5" in depth, hung on the wall with a sawtooth hanger. The image on the canvas has a digital image stretch wrap, which means it takes the pixels from the edge of the image and stretches them down the sides of the canvas, fading to black. It keeps the full image on front of the canvas. This classic print style goes with many decor styles.

It is also waterproof/weatherproof, easily cleaned, and lightweight. It is recommended to stay out of direct sunlight. Our favorite print style for its modern, sleek, and versatility.
